SUMMARY

My name is Freddy Carrillo and I am a software developer. During my years of experience, I have had the opportunity to work on a variety of projects, using different programming languages and technologies.

In my free time, I enjoy learning about new technologies and participating in personal projects. I also like to contribute to the developer community, either through online forums or by attending events and conferences.

I am always looking for new challenges and opportunities for professional growth, and I would be delighted to join a development team where I can contribute my skills and knowledge. If you are interested in working together, do not hesitate to contact me. I look forward to working with you in the future!
